

## **PUBLIC ANNOUNCEMENT**

### **REQUEST FOR CONSULTANT QUALIFICATIONS 7-28-22**

The Airport Authority of the City of Corry is soliciting statements of interest and qualifications from consultants for the performance of architectural/ engineering and planning services. These services shall be for the design and construction of the proposed improvement projects at the Corry Lawrence Airport, Corry, Pennsylvania. Consulting services are limited to those projects which are expected or revised on the 12-year plan. These services shall be for a period of five years beginning October 2022.

Planning services include, but are not limited to, master planning, environmental assessments and related studies. Architectural/engineering services include but are not limited to, architectural, civil, geotechnical, structural, mechanical and electrical engineering. Services include preparation of construction design drawings, specifications, bid phase and construction inspection phase services.

Special services include, but are not limited to, familiarity with preparation and management of Pennsylvania Department of Transportation, Bureau of aviation block grant applications and grant management, feasibility studies, land surveys, and updates of the airport layout plan. The Airport Authority of the City of Corry reserves the right to reject any and all submissions and to waive any informalities it deems to be in its best interest.

It is the Airport Authority of the City of Corry's intent to select a consultant for these projects based on the information requested above. Selection procedures shall be in accordance with FAA advisory circular 150/100-14 E. The airport authority of the city of Corry may elect to prepare a short list and conduct interviews or select solely from the above criteria.

All qualified firms interested in being considered by the Airport Authority of the City of Corry for these projects should provide an electronic copy of the firm's qualifications, recent experience in similar projects and required services, knowledge of FAA and PennDOT Bureau of Aviation regulations, capability to perform all or most aspects of the projects, background and availability of key personnel, standard form 254, and references.

The following weight shall be applied to the criteria for selection: qualifications of the firm related experience of the firm and relevant experience of staff personnel, 100%.

The Airport Authority of the city of Corry will enter into negotiations with the highest rated consultant in the selection process in order to prepare a scope of work and the proposal fee and cost breakdown. If they mutually satisfactory contract cannot be negotiated with the consultant for selected, the negotiations will be terminated and that consultant notified, negotiations will then be initiated by the airport authority of the City of Corry with the consultant given second preference.

The information requested herein must be received by [airport@corrypa.gov](mailto:airport@corrypa.gov) by 2:00 pm on Monday August 29, 2022. All submissions shall be clearly marked Airport Authority of the City of Corry Request for Qualifications. Submissions received after 2:00 PM August 29, 2022 will be rejected.

Airport Authority of the City of Corry

Brock Allen, President
