

Dear Corry Residents

Recycling **Trash**

Beginning the week of Sept. 12th you will be receiving new trash and recycling roll-out toters.

These will be delivered curbside between dawn and dusk. You do not need to sign or be home when these arrive. Our manufacturing partner **Rehrig Pacific** will be dropping them off at the front of your house. WM will be implementing trucks that are designed to unload toters with an automated arm attached to the truck. Please follow the placement instructions on the toter lid. Be sure to have your toter at the curb with a 3 foot minimum separation from each other for best collection.

Recycling: Must be loose. NO bagged items.

Trash: Must be bagged and within toter.

Bulk items: limited to one item per week with pickup on normal trash day.

Toters are property of the City of Corry.
